Leaders United of Lake County is a new professional group that encourages philanthropy by volunteering and mentorship throughout the Lake County area. Leaders United strives to help students achieve success and become the future leaders of tomorrow.

**Breakfast Club**

In partnership with Robert Abbott Middle School in Waukegan, Leaders United has created an early morning mentorship program called Breakfast Club. Two Thursdays a month, Leaders United members serve as mentors to a select group of 8th grade students. Mentors not only assist these students in academics, but also provide important interaction to help with building confidence and self-esteem, and learning skills to be successful as they transition to high school.

**Volunteer**

Leaders United offers a variety of volunteer opportunities that are well suited for our passionate, professional community. Volunteer options include activities such as mentorship, volunteer leadership, community-wide United Way Days, a back-to-school supply drive and literacy programs.

**Networking**

Networking opportunities at various social events throughout the year allow members to interact in fun, casual after-work venues. It also provides an opportunity to share new insights, leading to further initiatives that expand the group's outreach.

**Impact**

As membership grows, new programs will be thoughtfully created in other areas of Lake County. Additional programming and volunteer opportunities will allow Leaders United to continue to create a positive impact on Lake County's youth.
